

To whom it may concern:

I absolutely love XM Radio. Honestly, I cannot listen to normal FM/AM radio anymore. The crisp clear sound, the easy to navigate set-up, variety of stations, and the uniqueness of the stations are just a few reasons why I am such a supporter of XM Radio. The traffic and weather channels that were recently added have made XM Radio all encompassing. I could not be happier!

The NAB has no right to limit my enjoyablity of XM Radio. I pay monthly for this service and the government has no authority to regulate it. Plus, i think the fee I pay is a bargain for the level of services I recieve.

XM Radio provides me services I cannot get anywhere else. I want XM Radio to stay the way it is. I find the service and programming perfect.

I urge you to please reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming I demand and deserve.

Respectfully,
